

## **ARISE/SNV TIDE SCHOOL MILK CAMPAIGN REPORT**

### **Introduction:**

This report covers a number of activities that have been implemented within a period of June to August 2018, best practices / lessons learnt, challenges and planned activities for the next quarter

### **1. Identification and recruitment of new schools**

A total of 48 new schools were identified and recruited on to the program. This makes a total of 111 schools on the program with 30,456 pupils taking milk from schools both under direct and indirect approaches

**Figure 1: A table summarizing current total enrollments, numbers of pupils taking milk, number of litres taken per day and the source of milk supply from newly recruited schools**

## 2. Sensitization to parents during PTA meetings

A total of 17 schools have been reached for sensitization about school milk during PTA meetings for this term which include Centre Nursery & Primary school, Nyaburiza P/s, Macunda P/s, Kyamasuba P/s, Kabingo II P/s, Nyakasa P/s, Queen & King P/S, Katooma P/s, Kiburara P/s, Kahungye P/s, Kahija P/s, Nyakyera P/s, Murambi P/s, Sunlight P/S, Kiburara P/s, St. Francis Rwashamaire P/s and Ruhanga SDA P/s. The aim of these sensitization sessions is to inform parents more about school milk program, why their children need to take milk while at school and to change attitude of parents towards school milk, have parents pay money for their children to take milk at school. The meetings were successful as parents embraced the program and recognized the importance of feeding thus committing themselves to start feeding their children on milk as soon as possible.

### 3. Follow up made to both newly recruited and schools formally on the program under both the direct and indirect approaches

Follow up visits were made to schools that were formally on the program and the newly recruited schools with an aim of capturing their current total enrollments, pupils taking milk, supplier of milk, litres being taken per day and challenges faced.

**Figure 2: A table showing current total numbers of pupils taking milk from Schools under the Direct and Indirect Approaches**

#### 4. Action Research

This was carried out in four schools which include; Kagamba P/s, Kitunga P/s, Worldshine Foundation P/s and Rubaare Central P/s. The main targets were school parents, school pupils and teachers. The aim of this action Research was to find out benefits, challenges, different foods consumed by pupils at school and home so as to find out how best the school milk program can be improved.

## **5. Sub County school milk learning workshop and School Milk Data Verification exercise**

This was carried out in three sub counties of Ntungamo, Ihunga and Rubaare Sub County covering a total of 25 schools. The aim of this learning workshop was to carry out more sensitization about school milk to school head teachers, sub county leaders and other invited people so as to have more pupils on the school milk program. The school milk data verification exercise was carried out by the District Milk Task Force members and the aim of this was to capture current total enrolments, Number of pupils taking milk, Milk supplier, Amount and the form in which the milk is served to pupils, presence of school feeding guidelines and matching grants that the school has benefited from the program. The activity was completed successfully.

### **Challenges Faced**

- Unstable prices of milk mostly this term since it was a dry season
- Defaulting of feeding fee by most parents since they aim at paying school fees most.
- Most parents are still ignorant and sometimes defy resolutions passed during PTA meetings about the program

### **Best practices**

- Continuous sensitization to parents is creating change of attitude towards school milk program in most schools, thus embracing the program
- Involvement of the District Milk Task force members in project implementation has led to easy community entry
- Support supervision and follow up visits to schools helps to identify benefits, challenges and other emerging issues thus paving way for improvement

### **Planned Activities for the Next quarter**

1. Planning meeting with the District Milk Task Force Members
2. Sensitization meeting to school directors, headteachers, chairpersons both PTA and SMC
3. Continuous sensitization of parents during PTA meetings for both Direct and Indirect approaches
4. Conducting follow up visits to schools on the program
5. Identification and recruitment of new schools onto the program
6. Training of school food committees
7. Monitoring and supervision
